Abstract	
<p>IMO numbers are essential tool to combat IUU fishing. Since IMO Ship Identification Number Scheme became applicable to fishing vessels in 2013, many RFMOs have amended their Conservation and Management Measure so that the vessel eligible for an IMO number should obtain one. This proposal aims to clarify such requirement for vessels to be listed in SIOFA Record of Authorised Vessels in line with other RFMOs` CMMs. The requirement regarding IMO number will not apply to vessels which are not eligible or able to receive IMO numbers under exceptional circumstances.</p>
