**Introduction**

The Meeting of the Parties developed rules and procedures for the monitoring, control, and surveillance of fishing activities to ensure compliance with CMMs.

CMM 2019/10 describes the measures for the Monitoring of Fisheries in the Agreement. In 2018 a new paragraph about vessel entry and exit notifications was added:

*Entry- Exit reports*

14. Contracting Parties, CNPCs and PFEs shall require their vessels or relevant authorities to notify the Secretariat, by email or other means, within **24 hours**, in the format provided in Annex I, of each **entry to** or **exit from** the Agreement Area of vessels authorised to fish for species managed by SIOFA flying its flag, in accordance with CMM 2019/07.

The entry and exit notifications shall contains the following information in accordance with Annex I of CMM 2019/10 Monitoring.

<b>ANNEX I</b>

1-vessels: number of fishing or transiting vessels (total number of vessels that have provided reports)

2-fishing: number of vessels which notify entry or exit for actual fishing

3->24h account the number of notifications received more than 24 hours after the entry or exit event. Two notifications were received one hour late, and one was due to an internet connection issue.

4-Anomalies: account when 2 consecutive entries or exits are reported. All anomalies reported in Chinese Taipei notifications occurred before August 2021 because of an issue with the provider. Since August 2021, no anomalies have been recorded.

### Conclusion

Many notifications issues have been noted with Chinese Taipei but have been resolved since August 2021. All other notifications are consistent and received in a timely manner at the exception of 3 occurrences.

The Secretariat notes that no notifications for entry in SIOFA or exit from SIOFA have been received by Comoros or by Mauritius.
