CMM 2021/02 on Data Standards

SIOFA Secretariat

This INFO paper is the SIOFA CMM on data standards (CMM 2021/02) that provide SIOFA CCPs the obligations in term of fisheries data collection and data reporting to the Secretariat.

Paragraph 12 to 17 of the CMM focus on the observer's data and how CCPs shall provide the reports to the Secretariat and information on their programmes to the SIOFA Scientific Committee through their Annual Report. Annex B give a comprehensive list of the data item that should be collected and reported.

The CMM has been updated at MoP8 in 2021 and is attached in the next pages. Participants who are not familiar with the CMM are invited to read it, to have knowledge on what is already in place in term of observer data requirements.
