

10th Annual Meeting of the SIOFA Scientific Committee (SC10)

Concarneau, France, 17-26 March 2025

SC-10-ADM-04

Revised Provisional Annotated Agenda for the 10th Annual Meeting of the SIOFA Scientific Committee

The SIOFA Scientific Committee Chair

Document type	Administrative paper <input checked="" type="checkbox"/> Working paper <input type="checkbox"/> Information paper <input type="checkbox"/>
Distribution	Public <input checked="" type="checkbox"/> Restricted ¹ <input type="checkbox"/> Closed session document ² <input type="checkbox"/>
Abstract	This paper summarises the revised provisional annotated agenda for the 10 th Annual Meeting of the SIOFA Scientific Committee.

¹ Restricted documents may contain confidential information. Please do not distribute restricted documents in any form without the explicit permission of the SIOFA Secretariat and the data owner(s)/provider(s).

² Documents available only to members invited to closed sessions.

Revised Provisional Annotated Agenda for the 10th Annual Meeting of the SIOFA Scientific Committee

Marine Station of the National History Museum, Concarneau, France

Chair: Mr Alistair Dunn

Vice-Chairs: Dr Pavarot Noranarttragoon, Dr Zhou Fang

1. Opening

Welcome from the Scientific Committee Chair

Introduction of participants

Opening statements

Introduction to the meeting facilities and meeting arrangements

The SC Chair will open the meeting and welcome delegations of the SIOFA SC, observers, and invited experts. The organisation of the meeting, chairing and local arrangements will be discussed. The Secretariat will introduce the meeting facilities and the other meeting arrangements.

2. Administrative arrangements

Adoption of the agenda

2.1. Confirmation of meeting documents

2.2. Appointment of rapporteurs

Scientific Committee meeting report arrangements

The Provisional Agenda for the Tenth Meeting of the SC was prepared and distributed in accordance with Rules of Procedure.

The SC Chair will request the meeting adopt the agenda for the meeting, confirm the list of meeting documents, and appoint rapporteurs. Note that the Secretariat will supply a meeting rapporteur for all plenary sessions of SC10. The SC may also appoint additional rapporteurs from the SC delegations to assist the SIOFA rapporteur in developing the report text. Once an agenda item has been closed, the draft report text will be made available to the meeting participants for comment. Delegates comments on the report text will be included. The final draft report will then be checked and signed off by the SC Chair, and then be made available to participants for report adoption.

3. Fisheries Reports

3.1. Annual National Reports 2025

3.2. CCP annual National Fisheries Reports

Presentation of National Reports by CCPs, followed by questions and discussion. CCPs should prepare a short presentation on their National Report for the meeting.

3.3. Guidelines for the submission of National Reports

Review of the SIOFA Guidelines for submitting National Reports

3.4. Summary of SIOFA fisheries

3.5. Overview of SIOFA fisheries 2025

3.6. CCP fishery characterisations

3.7. Ecosystem and Fisheries Summaries 2025

*Presentation of the Overview of SIOFA fisheries, Ecosystem Summary, and Fisheries Summaries for the species not covered in Agenda Item 7 (i.e., hapuka (*Polyprion* spp., HAU), wreckfish (*Polyprion americanus*, WRF) and hapuku wreckfish (*Polyprion oxygeneios*, WHA), and common mora (*Mora moro*, RIB)).*

4. Data Standards, Access and Dissemination

Annual catch and effort data submission

Lost gear reported under CMM 02(2023) Annex A

The Secretariat will provide an update on information submitted on lost gear against CMM 02(2023) (Data Standards) Annex A.

Exchange of scientific toothfish data with CCAMLR

Developments to the data section of the SIOFA website

The SIOFA standard operating procedure for data use and data requests

The Secretariat will report on the outcomes of exchange of scientific toothfish data with CCAMLR, developments to the data section of the SIOFA website, and the SIOFA standard operating procedure for data use and data requests.

Proposals for revisions to CMM 02(2023) (Data Standards)

Discussion of any proposals for revisions to CMM 02(2023) (Data Standards).

5. SIOFA Bottom Fishing Impact Assessment

Review of the SIOFA Bottom Fishing Impact Assessment Standard

SC-EXTRA2 recommended that SC10 review the SIOFA Bottom Fishing Impact Assessment Standard

Review of new BFIA's

The SC will review any new BFIA submitted by CCPs

6. SIOFA Precautionary Approach and Management (PAM)

Development of the Precautionary Approach Framework

Project PAM-2024-01: Presentation of progress on the development of the SIOFA Precautionary Approach Framework including commentary from the PAM2024-01 expert reviewers

Development of biological reference points

Project PAM-2024-02: Presentation of progress on the development of the SIOFA Biological Reference Points including commentary from the PAM2024-02 expert reviewers

Joint MoP-SC Workshop on the Development of Harvest Strategies (WS2024-HSS) and SC Workshop to progress the SIOFA Precautionary Approach and Management Projects (WS2025-PAM)

The SC Chair will present the report of the Joint MoP-SC Workshop on the Development of Harvest Strategies (WS2024-HSS) and recommendations from MoP10, as well as the convener report of the SC Workshop to progress the SIOFA Precautionary Approach and Management Projects (WS2025-PAM)

Development of harvest strategies for Orange Roughy and Toothfish

Project PAM-2024-03: Presentation of progress on the development of SIOFA harvest strategies for ORY and TOT including commentary from the PAM2024-03 expert reviewers

Harmonisation of toothfish management measures across the SIOFA Area

The MoP has requested advice on an appropriate toothfish catch limit for the proposed Southern Indian Ridge management area as well as harmonisation of toothfish management measures across the SIOFA Area.

Other matters

Other matters for the development of the SIOFA Precautionary Approach and Management (PAM) projects, including harvest strategies and future workshops, workplan, projects, and joint MOP-SC workshops.

7. Stock assessments and advice

Orange roughy

- 7.1.1. Descriptive characterisation
- 7.1.2. Stock monitoring and data collection (including acoustics)
- 7.1.3. Stock assessment
- 7.1.4. Updates to the fisheries summary

*Project ORY-2023-01: Age and growth of orange roughy (*Hoplostethus atlanticus*) (final report).
Project ORY-2023-02: Orange roughy (*Hoplostethus atlanticus*) acoustics (final report).*

Presentation of the report on the ORY stock assessment (Project ORY-2024-01). Consideration of new information on stock status, stock monitoring, and assessment of ORY in the SIOFA Area and update the fisheries summary report for this species.

Alfonsino

- 7.1.5. Descriptive characterisation
- 7.1.6. Stock monitoring and data collection (including acoustics)
- 7.1.7. Stock assessment
- 7.1.8. Updates to the fisheries summary

Project ALF-2024-01: Presentation of the report of the Alfonsino Age protocol Development. Consideration of new information on stock status, stock monitoring, and assessment of ALF in the SIOFA Area and update the fisheries summary report for this species.

Toothfish

- 7.1.9. Descriptive characterisation
- 7.1.10. Stock monitoring and data collection
- 7.1.11. Stock assessment
- 7.1.12. Updates to the fisheries summary

*Project SER2022-TOP2: Stock structure of Patagonian toothfish (*Dissostichus eleginoides*) (final report).*

Project TOT-2024-02: Presentation of the report of the Evaluation of the toothfish monitoring program based on tagging. Consideration of new information on stock status, stock monitoring, and assessment of TOT in the SIOFA Area and update the fisheries summary report for this species.

Oilfish

- 7.1.13. Descriptive characterisation
- 7.1.14. Stock monitoring and data collection
- 7.1.15. Stock assessment
- 7.1.16. Updates to the fisheries summary

Consideration of new information on stock status, stock monitoring, and assessment of oilfish in the SIOFA Area and update the fisheries summary report for these species.

Other species

- 7.1.17. Quantitative assessment of Portuguese Dogfish

Project DWS-2024-01: Development of a formal quantitative assessment of Portuguese dogfish catch and determination of the level of sustainable catch (a continuation of DWS-2023-01).

- 7.1.18. Lobster

The SC will consider the recommendations from SC-EXTRA2 and provide advice on VME indicator species thresholds and potential long-term management frameworks for the fishery

- 7.1.19. Other species
- 7.1.20. Updates to the fisheries summaries

Consideration of new information on stock status, stock monitoring, and assessment of other species in the SIOFA Area and update the fisheries summary report for these species.

8. Bycatch and incidental captures

Deepwater chondrichthyans

8.1. Review of progress against CMM 12(2024) (Sharks), including development of precautionary bycatch limits

8.2. Protocols and guidelines for mitigating impact of fishing gear

Project DWS-2024-02: Development of protocols and guidelines for fishing gear to mitigate the ongoing impact of SIOFA fisheries on vulnerable deepwater sharks, including the definitions of leader and wire and other leader types for longline gear, and the application of move-on rules for demersal longline and trawl fisheries to protect vulnerable deepwater sharks.

Project DWS-2023-02: Identification and trends in Deepwater Sharks, on a census of deep-sea sharks caught during one trip of a benthopelagic factory trawler to Walters Shoal and the SWIO Ridge in early 2024.

Development of a SIOFA skate tagging programme

Discussion on the development of the SIOFA skate tagging programme

IOTC bycatch

The Secretariat will report on IOTC bycatch of SIOFA species in the SIOFA Area

Seabirds, mammals, and bycatch of other species of concern

8.2.1. Observations of marine mammals interacting with fishing gear

The Secretariat will report on observations of marine mammals interacting with fishing gear

8.2.2. Seabird mitigation measures

Consideration of any proposals for seabird mitigation measures

Discards at sea

The MoP has requested the SC providing advice on the extent of discarding in SIOFA and the impacts of restrictions on this practice

9. Vulnerable Marine Ecosystems (VME)

Report of VME encounters

The Secretariat will report on any notified VME encounters

VME data and the setting VME of encounter thresholds

Consideration of proposals for recording VME data and the setting VME of encounter thresholds including whether to record of VME taxa by line or line segment

Revisions of the list of VME taxa and to the VME taxa ID guides

Consideration of any proposals for the revision of the list of VME taxa and to the VME taxa ID guides

Register of SIOFA VME areas

Consideration of the register of notified SIOFA VME areas

Management options for preventing SAIs on VMEs

Consideration of any proposals for management options for preventing SAIs on VMEs

10. Marine protected areas

Monitoring protected areas

Project PAE2022-MPA1: Protocols to designate and evaluate MPAs in the SIOFA Area (final report)

Protected area designation

Conveners report from the Workshop on Report of the WS2024-PAD. MoP-11-29-Rev2 paper.

11. New and Exploratory Fisheries and Research cruises

11.1. New and exploratory fisheries

Consideration of any proposals for new and exploratory fisheries

11.2. Research cruises

Consideration of the Nansen research cruise sailing plan and any other proposals for new research cruises.

Reports from any research cruises undertaken in previous years

12. Scientific Observers

Observer Harmonisation

Project SEC2022-OBS1: Establish a framework for scientific observation of SIOFA fisheries (final report)

Presentation of the report of the Workshop on Scientific Observers forms (WS2024-OBS2)

Introduction to the FAO DSF workshop on SIOFA observer training

E-monitoring

13. Climate change

Observed and projected impacts of climate change

The SC will consider papers that report on projected impacts of climate change and the practices of other RFMOs

Scientific advice on the potential implications of climate change

The SC will consider advice on the potential implications of climate change on SIOFA fisheries

Climate change projects

The SC will consider proposal for projects that relate to climate change (MoP10 report, paragraph 159)

14. Cooperation with external bodies

FIRMS coordination and work

The Secretariat will report on the FIRMS project

FAO ABNJ DSF activities

The Secretariat will report on FAO ABNJ DSF activities

CCAMLR

The Secretariat will report on cooperation with CCAMLR

15. Future work

Progress of EU funded science projects

The Secretariat will report on progress of EU funded science projects

Management and coordination of SIOFA science projects

The Secretariat will report on progress of SIOFA science projects

The SIOFA Performance Review

Consideration of the SIOFA Performance Review

Capacity building

The Secretariat will report on options for facilitating and addressing the capacity building needs of CCP developing states

Implementation of Article 13 of the Agreement

As requested by the MoP, the SC will have a standing agenda item on the implementation of Article 13 of the Agreement

The Secretariat will report on a paper that outlines the existing mechanisms to provide support to developing States and other relevant information relating to Article 13

Scientific Committee workplan and budget

The SC will develop the SC workplan and budget.

The 2026 meeting of the Scientific Committee

The SC will propose the dates for SC11.

16. Other business

Elections of the SC chairperson and vice-chairperson

As the term of contract for the current SC Chair expires in June 2025, the SC will consider future Chairing arrangements and consider either electing a new Chair or proposing an extension to the current SC Chairs appointment. One of the Vice-Chairs first two-year term is coming to an end, and will need to be renewed for a further term or a new Vice-Chair needs to be elected.
