Australia	6. CCPs shall report to the Secretariat, by 31 May each year, the data collected under paragraphs 4 and 5 for the previous calendar year, in accordance with the format prescribed in the corresponding annexes.	Compliant	Non-Compliant	Data was submitted after the 31 May 2022	Australia has provided both logbook and observer data to the SIOFA Secretariat. However, the 2022 data submission (2021 data) was late due to database issues. Australia has now resolved the database issues and the 2023 data submission (2022 data) has been completed on time. We accept the assessment of non-compliant.	Non-Compliant
China		Not Applicable	Not Applicable			Not Applicable
Cook Islands		Compliant	Compliant			Compliant
European Union		Compliant	Compliant	According to IOTC data, there was a small amount of Oilfish bycatch in 2021 (from Portugal). It was not reported to the SIOFA Secretariat.	Annex A to CMM 2022/02 (Data standards) provides that vessel catch and effort data is to be provided for "all pelagic fishing vessels targeting SIOFA species flying their flag". There were no EU pelagic fishing vessels targeting SIOFA species in 2021. The 2021 oilfish bycatch referred to by the Secretariat was caught by an EU (Portugal) pelagic longliner operating under the IOTC, which was targeting IOTC species rather than SIOFA species. The EU was therefore not required to report bycatch for this vessel to SIOFA. In order to address the issue of bycatches of SIOFA species by pelagic vessels operating under the IOTC, the EU considers that it would be useful for the IOTC to collect such bycatch information and exchange it with SIOFA, noting that such a mechanism would also result in a more complete picture of bycatches of SIOFA species by pelagic vessels considering the different memberships of IOTC and SIOFA. In this respect, the EU notes that the proposed cooperation arrangement between IOTC and SIOFA provides for the exchange of such information.	Compliant

Mauritius	Compliant		No preliminary self assessment provided.	Mauritius has already implemented efficient measures with respect to this CMM as under the fisheries and Marines Resources Act 2007, the master of any foreign fishing vessels shall notify the Ministry well in advanced (72 hours) before entry into port. As this regulation existed since 2007, no changes have been brought to under this act. Therefore, a 'Compliant' status may be assigned.	Compliant

Chinese Taipei		Compliant	Compliant			Compliant
Thailand		Compliant	Compliant			Compliant
Comoros		Not Applicable	Compliant			Compliant
India			Compliant			Compliant
Australia		Compliant	Compliant	The Secretariat is of the view that given there were no sightings reported by Australian vessels, this obligation is not applicable to Australia, given that the obligation is to report sighted vessels.	Australia would like to change its self-assessment to 'not applicable' for the reason provided by the Secretariat. Australia previously responded "compliant" as Australia has the relevant regulations and policies in places to ensure our compliance with this CMM.	Not Applicable
China	Compliant	Compliant	Secretariat is of view that given no vessels were reported by its vessel, this obligation is not applicable.		Not applicable	
Cook Islands	Compliant	Compliant	Secretariat is of the view that given no vessels were sighted (none to report), this obligation is not applicable to the Cook Islands	Not Applicable	Not Applicable	
European Union	Compliant	Compliant	Secretariat is of the view that given no such vessels were reported to their respective flag state, the EU was under no obligation to submit same to the secretariat. As such, this obligation should not be applicable to the EU.	The EU accepts that 'not applicable' would be an appropriate response as none of its vessels reported any presumed fishing in 2022 by vessels flying the flag of a State or fishing entity which is not a Party to or otherwise cooperating with the Agreement in the Agreement Area. The EU notes that the CCP Compliance Report (CCR) could be rendered more user-friendly. Instead of simply reproducing the language of the CMM, the CCR could ask CCPs to indicate whether they have received such a request. If the answer is 'no' then the resulting status should automatically be 'not applicable'.	Not Applicable	
France (O.T)	Compliant	Compliant	Secretariat is of the view that given no vessels were sighted (none to report), this obligation is not applicable to the France (O.T)	France-OT agrees to a status of "not applicable" since no vessels were sighted.	Not Applicable
