Abstract	
<p>At its 9th Meeting, the Meeting of the Parties instructed the Secretariat to identify the vessels that have not provided all the information required in paragraph 2 of CMM 2022/07 (Vessels Authorisation). Several CCPs provided outstanding information in the intersessional period, but there are still vessels without complete information. This document summarizes the data that is still lacking for each of the vessels from the SIOFA Record of Authorised vessels dated on 29 June 2023. In General, the certified drawing or the description of all fish holds is the information that lack the most.</p>	

¹ Restricted documents may contain confidential information. Please do not distribute restricted documents in any form without the explicit permission of the SIOFA Secretariat and the data owner(s)/provider(s).

² Documents available only to members invited to closed sessions.
